Subject: 1996 D.P.C.

As each of you are already aware, we have committed ourselves to improving the effectiveness of D.P.C. during 1996. It is imperative that everyone understands our objective is to utilize D.P.C. to secure promotion/display exposure in retail accounts selling less than 100 C.P.W., that do not receive V.A.P. promotions. These promotions, if utilized correctly, have the potential to significantly impact our Sales and overall S.O.M. in these outlets.

Attached you will find an outline of some strategies that can be utilized to improve the impact of D.P.C. in 1996. If anyone has any additional ideas please let me know, so we can share them with the other Regions.
